Official Newsletter of the Logan Cavaliers
Basketball Club Inc Est 1998

The Cavs, as we are affectionately known, became an entity in October 1998. Logan Basketball fixtures at Insports began in 1999 and the Cavs, being a founding Club, were soon to become a nursery for young talent as well as to provide an avenue for players of all ages to participate in basketball. We pay tribute to all former committee members, coaches and managers who have helped make the Cavs the force they are today.

Our registrar is Meryl Kerrison who will take all inquiries from interested people who may want to place their child with a leading Club.
